

# *Journal of* **ANIMAL SCIENCE**

VOLUME 16

MAY, 1957

NUMBER 2

## CONTENTS

	<i>Page</i>
The Effect of Steroid Hormones on Fattening Lambs. H. A. Henne- man, R. E. Rust and J. Meites.....	283
Growth and Fattening Stimulation in Ewe Lambs by Certain Andro- genic and Estrogenic Compounds. Bruce Taylor, W. H. Hale and Wise Burroughs.....	294
Estrogenic Activity of Feces and Urine Following Oral Administra- tion of Diethylstilbestrol to Lambs. C. D. Story, E. W. Cheng, John Pauls and W. H. Hale.....	307
Observations on Parathyroidectomized Goats. V. R. Smith, G. H. Stott and C. W. Walker.....	312
Factors Affecting the Thyroid Uptake of $I^{131}$ in Dairy Cows. E. W. Swanson, F. W. Lengemann and R. A. Monroe.....	318
Effect of Exposure to High Environmental Temperature and Shear- ing on Semen Production of Rams in Winter. R. H. Dutt and Paul T. Hamm.....	328
Ovulation, Prenatal Mortality and Litter Size in Swine. Earl L. Lasley	335
The Incidence of Extramedullary Myelopoiesis in Bovine Adrenal Glands. J. S. Greenstein and R. C. Foley.....	341
The Relative Emphasis Placed on Components of a Selection Index Under Two Nutritional Environments. R. E. Christian.....	349
The Value of Various Blends of Soybean Oil Meal, Peanut Oil Meal, and Degossypolized Cottonseed Oil Meal as Protein Supple- ments in Swine Rations. R. F. Sewell, B. C. Keen and J. L. Carmon .....	357
Effect of Protein Level in the Ration on Gossypol Tolerance in Growing Fattening Pigs. Fred Hale and Carl M. Lyman.....	364
The Effect of Amylases on the Digestibility of Starch by Baby Pigs. H. M. Cunningham and G. J. Brisson.....	370
The Relation Between Certain Characteristics of Fats and Oils and Their Apparent Digestibility by Young Pigs, Young Guinea Pigs and Pups. L. E. Lloyd and E. W. Crampton.....	377
The Digestibility of Ration Nutrients by Three- vs. Seven-week Old Pigs. L. E. Lloyd, E. W. Crampton and V. G. MacKay.....	383
Protein Requirements for Pigs Weaned at Two Weeks of Age. A. H. Jensen, D. E. Becker, H. W. Norton and S. W. Terrill.....	389

	<i>Page</i>
Effects of Dietary Pantothenic Acid Levels on the Weanling Pig. C. E. Barnhart, D. V. Catron, G. C. Ashton and L. Y. Quinn . . .	396
High Levels of Dried Whey Powder in the Diet of Swine. D. E. Becker, S. W. Terrill, A. H. Jensen and L. J. Hanson . . . . .	404
The Value of Fortified Creep Rations for Single and Twin Suckling Lambs. T. W. Perry, W. M. Beeson and Claude Harper . . . . .	413
The Utilization of Ammoniated Cane Molasses by Sheep. Allen D. Tillman, Willis D. Gallup and Walter Woods . . . . .	419
Some Effects on Beef Cattle of Protein and Energy Restriction. C. F. Winchester, R. L. Hiner and V. C. Scarborough . . . . .	426
The Biological Availability of Calcium in Feeds for Cattle. S. L. Hansard, H. M. Crowder and W. A. Lyke . . . . .	437
Availability of Phosphorus in Mineral Supplements for Beef Cattle. T. A. Long, A. D. Tillman, A. B. Nelson, W. D. Gallup and Bill Davis . . . . .	444
Evaluation of Lamb Feeding Tests of Alfalfa Hay Grown on a Low- Sulfur Soil. V. V. Rendig and W. C. Weir . . . . .	451
The Effect of Nitrogen Fertilization on the Nutritive Value of Orchardgrass Hay. B. R. Poulton, G. J. Macdonald and G. W. Vander Noot . . . . .	462
The Effect of Phosphate Fertilization of Alfalfa on Growth, Repro- duction, and Body Composition of Domestic Rabbits. W. W. Heinemann, M. E. Ensminger, W. E. Ham and J. E. Oldfield . .	467
The Digestibilities of Interior Live Oak and Chamise by Deer and Sheep. Harold D. Bissell and W. C. Weir . . . . .	476
A Comparison of the Live Probe and Lean Meter for Predicting Various Carcass Measurements of Swine. A. M. Pearson, J. F. Price, J. A. Hoefler, L. J. Bratzler and W. T. Magee . . . . .	481
Splitting and Cutting Errors in Swine Carcass Evaluation. E. L. Lasley and E. A. Kline . . . . .	485
Bruised Tissue. II. Determination of the Age of a Bruise. M. K. Hamdy, L. E. Kunkle and F. E. Deatherage . . . . .	490
Bruised Tissue. III. Some Factors Affecting Experimental Bruises. M. K. Hamdy, L. E. Kunkle, M. S. Rheins and F. E. Deatherage	496
Isolation and Identification of Compounds from Autolyzed Yeast, Alfalfa Meal, and Casein Hydrolysate with Cellulolytic Factor Activity for Rumen Microorganisms <i>In Vitro</i> . B. A. Dehority, O. G. Bentley, R. R. Johnson and A. L. Moxon . . . . .	502
Feedlot Bloat Studies. II. Physical Factors Involved in the Etiology of Frothy Bloat. D. R. Jacobson, I. L. Lindahl, J. J. McNeill, J. C. Shaw, R. N. Doetsch and R. E. Davis . . . . .	515
The Carotene and Vitamin A Content of Plasma and Liver of Range Hereford Cows and Their Calves in the Northern Great Basin. R. R. Wheeler, P. H. Weswig, W. F. Brannon, F. E. Hubbert, Jr. and W. A. Sawyer . . . . .	525
News and Notes . . . . .	537
