

## TABLE OF CONTENTS

	Page
<b>PRESIDENT'S ADDRESS:</b>	
Our 1930 Program— <i>H. J. Gramlich</i> .....	9
<b>LIVESTOCK ECONOMICS:</b>	
Cooperation— <i>E. W. Sheets</i> .....	13
Physical Factors in Livestock Economics— <i>E. L. Potter</i> .....	17
Acre Returns Compared with Animal Returns— <i>Paul Gerlaugh</i> .....	22
<b>NUTRITION:</b>	
The Effect of Plant Maturity on the Biological Value of Alfalfa Proteins— <i>Jerry Sotola</i> .....	24
The Effect of Feeding Sodium Fluoride and Rock Phosphate on Bone Development in Swine— <i>R. M. Bethke, C. H. Kick, B. H. Edgington and O. H. Wilder</i> .....	29
Nutritional Requirements of the Chick— <i>Albert G. Hogan and Charles L. Shrewsbury</i> .....	34
Medicated Salt as a Fly Repellent— <i>C. W. McCampbell</i> .....	35
The Inclusion of Mineral Substances as Components of Commercial Mixed Feeds— <i>E. B. Forbes</i> .....	37
Chopping Hay for Livestock— <i>I. W. Rupel, B. H. Roche, J. G. Fuller, and G. Bohstedt</i> .....	43
<b>GENETICS:</b>	
On Criteria for Breeding Capacity in Dairy Cattle— <i>John W. Gowen</i> ..	47
Relation of Parity to Size of Litter, Weights, Gains, Mortality, and Sex Ratio in Guinea Pigs— <i>George Haines</i> .....	49
The Anterior Lobe of the Pituitary and Livestock Breeding— <i>Fred F. McKenzie</i> .....	53
The Inheritance of Cryptorchidism— <i>Jay L. Lush and J. M. Jones</i> ...	57
<b>CATTLE:</b>	
Intensive Grassland Management Under the Hohenheim System— <i>Enos J. Montague</i> .....	61
Financial Returns from Improving Pastures in the Southeast— <i>F. R. Edwards</i> .....	70
Producing Fat Yearlings for Spring and Late Summer Market— <i>Hubert C. Moffett and E. A. Troubridge</i> .....	71
Ground Barley vs. Shelled Corn for Fattening Baby Beef Calves— <i>G. A. Branaman and G. A. Brown</i> .....	75
The Value of Oat Feed for Growing Fattening Cattle— <i>A. W. Lathrop and G. Bohstedt</i> .....	77
The Dairy Breed Steer in the Feed Lot— <i>J. G. Fuller</i> .....	80
<b>HORSES:</b>	
What the Horse Business Needs Most Today— <i>Ellis McFarland</i> ....	82
Problems in Horse Husbandry— <i>J. O. Williams</i> .....	86
Letter from E. G. Cullum to H. J. Gramlich.....	87
Building and Maintaining Animal Motive Power Units at Low Cost— <i>Wayne Dinsmore</i> .....	89
Feeding Potassium Iodide to Mares— <i>A. L. Harvey</i> .....	93
Report of Work to Determine the Etiology of Bursattee in Horses— <i>C. E. Howell</i> .....	95
A Gold Medal Colt Club— <i>P. T. Brown</i> .....	99
Draft Horse Extension Work in Illinois— <i>E. T. Robbins</i> .....	101
<b>SHEEP:</b>	
Corn Gluten Meal as a Protein Supplement for Fattening Lambs— <i>A. D. Weber</i> .....	104
A Study of Breeding Ewe Lambs— <i>D. J. Griswold</i> .....	106
A Study in the Control of Stomach Worms— <i>H. E. Reed</i> .....	109
Wool Measurement Technic— <i>Robert H. Burns</i> .....	111

## TABLE OF CONTENTS

	Page
<b>SWINE:</b>	
Tankages for Hogs on Legume Pasture— <i>C. M. Vestal</i> .....	121
Protein Supplements for Growing and Fattening Pigs— <i>J. M. Fargo and G. Bohstedt</i> .....	125
The Influence of Birth Weight upon Subsequent Development of Inbred and Outbred Pigs— <i>W. A. Craft</i> .....	128
Legume Hays for Brood Sows During Gestation and Lactation— <i>Edgar Martin</i> .....	130
The Influence of Vitamins B and E on Reproduction in Swine— <i>C. E. Aibel, J. S. Hughes and H. F. Lienhardt</i> .....	133
Factors Affecting the Cost of Pigs to Weaning Age— <i>Earl H. Hostetter</i> .....	135
Factors That Influence the Significance of Hog Carcass Data— <i>E. L. Scott</i> .....	136
Factors Influencing Deposition of Fat on the Hog— <i>F. H. Helmreich</i> .....	143
The Seedy-Cut Problem in Swine— <i>L. J. Cole, J. S. Park and Alan Deakin</i> .....	145
A Study of the Cut-Out Values of Hogs— <i>M. D. Helser</i> .....	148
<b>TEACHING:</b>	
Methods of Teaching Animal Husbandry to College Students— <i>Fred S. Hultz</i> .....	151
The Value of Personal Contact Between Instructor and Student— <i>H. H. Kildee</i> .....	155
The Science of Livestock Judging— <i>J. S. Coffey</i> .....	159
Does High School Training in Agriculture Affect Success in College?— <i>L. J. Horlacher</i> .....	163
Extension Teaching Methods— <i>Rex Beresford</i> .....	165
<b>ANIMAL HUSBANDRY EXTENSION:</b>	
What Can the Extension Man do to Assist Research?— <i>Paul Gerlaugh</i> .....	168
Range Livestock Projects— <i>L. H. Rochford</i> .....	172
Better Sire Work in Kentucky— <i>Wayland Rhoads</i> .....	174
The Kansas Five-Year Beef Cattle Program— <i>J. J. Mozley</i> .....	178
Organization for Sheep Improvement Work in Kentucky— <i>Richard C. Miller</i> .....	180
Swine Feeding Demonstrations in South Carolina— <i>J. R. Hawkins</i> .....	184
<b>MEATS:</b>	
Meat Research in the Program of the National Livestock and Meat Board— <i>E. C. Pollock</i> .....	188
Cooking Work in the Quality of Meats Project— <i>Lucy M. Alexander</i> .....	192
<b>ANDREW BOSS DINNER:</b>	
Professor Boss as a Co-Worker— <i>Dean W. C. Coffey</i> .....	194
Andrew Boss— <i>A. J. Glover</i> .....	195
Response: New Frontiers in Science— <i>Andrew Boss</i> .....	198
<b>COMMITTEE AND BUSINESS REPORTS:</b>	
Western Activities of the Society— <i>E. L. Potter</i> .....	202
Report on National Cooperative Project.....	203
Report of the Committee on Methods of Investigation.....	206
Report of the Committee on Methods of Instruction.....	208
Report of the Committee on Extension Methods.....	209
Report of the Ventilation Research Committee.....	211
Report of the Committee on Show Yard Practice.....	212
Report of the Committee on Mixed Feeds.....	213
Minutes of the Twenty-Second Annual Business Meeting.....	216
Treasurer's Report.....	218
<b>IN MEMORIAM</b> .....	219
<b>MEMBERSHIP LIST OF THE SOCIETY</b> .....	220
