	Page
PRESIDENT'S ADDRESS:	
In the Next Quarter of a Century— <i>Geo. C. Humphrey</i>	11
OPENING SESSION:	
Needless Repetition in Animal Husbandry Experiments— <i>A. J. Glover</i>	16
Discussion— <i>G. Bohstedt</i>	20
Getting More Value from Feeding Experiments— <i>F. B. Morrison</i>	27
Discussion— <i>W. E. Carroll</i>	34
Discussion— <i>E. B. Forbes</i>	36
Publications of Greatest Value to Station Workers and Stockmen— <i>Andrew W. Hopkins</i>	39
Publicity Value of Animal Husbandry Experiments— <i>Chas. E. Snyder</i>	45
Discussion— <i>E. A. Trowbridge</i>	49
DAIRY CATTLE:	
Molasses Incorporated in Grain Mixtures— <i>G. Bohstedt, B. H. Roche, J. M. Fargo, I. W. Rupel, J. G. Fuller and Paul E. Newman</i>	52
Dairy Sire Evaluation— <i>E. E. Heizer</i>	52
The Genetic History of the Holstein-Friesian Breed— <i>J. L. Lush and J. C. Holbert</i>	52
Production in a Large Jersey Herd— <i>Mogens Plum</i>	53
Vitamin A in the Nutrition of Dairy Cattle— <i>Edw. B. Meigs and H. T. Converse</i>	58
BEEF CATTLE:	
Standards of Steer Judging— <i>George Porteous</i>	62
Effect of Soybeans upon the Firmness of Beef Fat— <i>B. H. Thomas and C. C. Culbertson</i>	65
The Value of Cottonseed, Linseed, and Corn Gluten Meals in Cattle Rations— <i>A. D. Weber</i>	70
Corn and Cottonseed Meal in Beef Fattening Rations— <i>F. R. Edwards</i>	73
Systems of Pasture Utilization— <i>James E. Comfort and Marion Brown</i>	74
Utilizing Grass in Fattening Young Cattle— <i>C. W. McCampbell</i>	78
Fattening Heifers on Alfalfa Pasture— <i>M. L. Baker</i>	81
The Increasing Importance of Forage— <i>E. W. Sheets</i>	83
Phosphorus Supplements in Beet By-product Rations— <i>E. J. Maynard</i>	86
A Proposed Record of Performance for Beef Cattle— <i>Laurence M. Winters and Harry McMahon</i>	90
Corn and Cob Meal for Fattening Steers— <i>E. B. Powell</i>	92
Cottonseed Hulls in Beef Rations— <i>W. L. Blizzard</i>	95
Creep Feeding Beef Calves— <i>Chas. I. Bray</i>	96
Alfalfa and Wheat Hays for Fattening Calves— <i>Ralph McCall</i>	98
HORSES:	
Tandem Hitches in Clinton Co., Ohio— <i>Walter L. Bluck</i>	100
Feeding Draft Colts— <i>R. S. Hudson</i>	104
Energy Expended by a Horse— <i>R. C. Proctor, M. M. Jones, S. Brody, and D. W. Chittenden</i>	106
Marketing Purebred Stallions as Foals— <i>A. L. Harvey</i>	109
Our Industry—Where Are We Going?— <i>A. B. Caine</i>	113
The Pulling Ability of Horses as Shown by Dynamometer Tests— <i>W. M. Dawson</i>	117
The Eastern Percheron Futurity— <i>D. J. Kays</i>	121
Prevention of Disease in Foals— <i>W. W. Dimock</i>	123

TABLE OF CONTENTS

	Page
SWINE:	
Variations in Rate of Gain and Feed Utilization— <i>E. Z. Russell and C. E. Aubel</i>	126
Nitrogen Balance in Pregnant Rats— <i>C. P. Thompson</i>	126
The Hemoglobin Level of Pigs— <i>W. A. Craft and L. H. Moe</i>	127
Nutrition of Suckling Pigs— <i>A. G. Hogan, L. A. Weaver and S. R. Johnson</i>	131
Marketing Problems that Challenge— <i>R. C. Ashby</i>	134
Rock Phosphate as a Mineral Feed— <i>John M. Fargo, G. Bohstedt, E. B. Hart, and P. H. Phillips</i>	138
The Efficacy of Calcium Supplements— <i>B. H. Thomas, C. C. Culbertson, John M. Ramsbottom, and W. E. Hammond</i>	142
Minerals and Protein Feeds for Pigs on Forage— <i>W. L. Robison</i>	145
The Effect of a Mineral Mixture on Reproduction— <i>W. P. Elmslie</i>	148
The Effects of Soybeans and Soybean Products on Pork Quality— <i>C. M. Vestal and C. L. Shrewsbury</i>	151
The Optimum Degree of Fineness of Grinding Corn for Swine— <i>M. A. McCarty, J. E. Nicholas, and T. B. Keith</i>	155
SHEEP AND LAMBS:	
Feeding Grain to Unweaned Lambs on Pasture— <i>Claude Harper</i>	157
Discussion— <i>D. H. La Voi</i>	159
Crossbreeding to Produce California Spring Lambs— <i>Robert F. Miller</i>	162
A Comparison of Purebred Cheviot and Ryeland-Cheviot Lambs— <i>L. J. Horlacher</i>	163
The Nutritional and Genetic Aspects of Wool Production— <i>Robert H. Burns</i>	164
Discussion— <i>J. M. Jones</i>	170
Crossing Breeds for Hothouse Lamb Production— <i>W. L. Henning and T. B. Keith</i>	173
The Calcium and Inorganic Phosphorus Content of Sheep Blood— <i>C. H. Kick and D. S. Bell</i>	175
Plane of Nutrition, as It Affects Milk Production of Ewes and Weights of Their Lambs— <i>M. G. Snell</i>	178
Sheep Registration in the United States— <i>D. A. Spencer</i>	181
Purebred Sheep Registration— <i>Fred S. Hultz</i>	183
Influence of Nutrition on Reproduction of Sheep— <i>A. E. Darlow and L. E. Hawkins</i>	186
Nutritive Value of Wheat Straw— <i>J. Sotola</i>	189
TEACHING:	
The Organization of Animal Husbandry Curricula to Develop Broad Basic Training in Biology— <i>Ross Aiken Gortner</i>	193
The Curriculum of the First Two Years— <i>G. Bohstedt</i>	197
Objectives and Subject Matter for Introductory Courses— <i>E. H. Hughes</i>	203
EXTENSION:	
Making an Effective Program— <i>Wm. F. Renk</i>	213
Improvement in Live Stock Quality thru Extension Activities— <i>E. N. Wentworth</i>	216
Adapting Extension Work to Changing Conditions— <i>Paul Gerlaugh</i>	221

TABLE OF CONTENTS

	Page
NUTRITION:	
Problems in Vitamin Nutrition— <i>R. M. Bethke</i>	224
Relations Between the Metabolism of Protein and of Energy— <i>H. H. Mitchell</i>	229
The Genetics of Growth— <i>Sewall Wright</i>	233
The Method of Partial Regression in the Analysis of Feeding Trial Data— <i>E. W. Crampton and J. W. Hopkins</i>	238
Influence of Phosphorus Deficiency on the Metabolizable Energy— <i>J. S. Hughes, W. H. Riddell, and J. B. Fitch</i>	241
Weight Data on Purebred Beef Cattle together with Data on Reproduction— <i>H. R. Guilbert and Alex McDonald</i>	244
Calcium and Phosphorus Content of Pasture Grasses and Legumes— <i>R. H. Lush</i>	254
GENETICS:	
Relation of Endocrinology to the Inheritance of Milk Production— <i>Chas. W. Turner</i>	257
Production of Ovulation by Gonadotrophic Extracts— <i>L. E. Casida</i>	261
The Gonad-Stimulating Hormone of Mare Serum— <i>George H. Hart and Harold H. Cole</i>	262
The Testis Hormone and Its Effect upon the Morphology and Functioning of the Epididymus— <i>Laurence M. Winters</i>	269
Modifying Effect of Cryptorchid Testes on the Homologous Accessory Sex Glands— <i>Julius E. Nordby and Elton M. Gildow</i>	271
Histology of the Reproductive Tract in the Ewe— <i>L. E. Hawkins and A. E. Darlow</i>	274
Reproduction in the Ewe— <i>Fred F. McKenzie, Edgar Allen, Mary J. Guthrie, Virgene Warbritton, C. E. Terrill, L. E. Casida, Laura J. Kennedy, and J. W. Kennedy</i>	278
The Reliability of Some Measures of Productiveness of Brood Sows— <i>Jay L. Lush, Arthur L. Anderson, C. C. Culbertson, and W. E. Hammond</i>	282
Polled Rambouillet Breeding— <i>B. L. Warwick, J. M. Jones, W. H. Dameron, and P. B. Dunkle</i>	287
The Genetics of the Hereford Pattern— <i>Heman L. Ibsen and A. D. Weber</i>	291
MEATS LUNCHEON:	
Eight Years of Cooperative Meat Investigations— <i>O. G. Hankins</i>	294
Pricing Meats— <i>F. H. Helmreich</i>	298
THE SHAW DINNER:	
Presentation of Portrait— <i>Geo. C. Humphrey</i>	300
The Wheel Horse— <i>R. S. Hudson</i>	302
Influences that Grow— <i>N. P. Hull</i>	305
BUSINESS MEETING:	
Minutes and Committee Reports.....	307
Treasurer's Report.....	315
List of Members.....	316
