

## CONTENTS

	Page
The Comparative Efficiency of Single Versus Three-Day Weights of Steers, R. E. Patterson . . . . .	237
Birth Weight as a Criterion of Selection in Beef Cattle, W. M. Dawson, Ralph W. Phillips and W. H. Black . . . . .	247
Application of Water to the Body Surface of Water Buffaloes and Its Effect on Milk Yield, K. C. Sinha and F. C. Minett . . . . .	258
Effectiveness of Selection for Efficiency of Gain in Duroc Swine, G. E. Dickerson and J. C. Grimes . . . . .	265
A Study of Factors Affecting Survival from Birth to Weaning and Total Weaning Weight of the Litter in Swine, L. M. Winters, J. N. Cummings, and H. A. Stewart . . . . .	288
The Heritability of Some Factors Affecting Productivity of Brood Sows, J. N. Cummings, L. M. Winters and H. A. Stewart . . . . .	297
The Effect of Thiouracil on Efficiency of Gains and Carcass Quality in Swine, W. N. McMillen, E. P. Reineke, L. J. Bratzler and M. J. Francis . . . . .	305
Nicotinic Acid Deficiency and Nicotinic Acid Requirement of Young Pigs on a Purified Diet, W. C. Powick, N. R. Ellis, L. L. Madsen and C. N. Dale . . . . .	310
The Comparative Value of a Carotene Concentrate, Alfalfa Meal, and a Fish Liver Oil in Maintaining the Vitamin A Content of the Blood and Liver of Fattening Lambs, J. A. Hoefer and Willis D. Gallup . . . . .	325
The Effect of Cobalt on Growth and Certain Blood Constituents of Sheep, A. L. Pope, P. H. Phillips, and G. Bohstedt . . . . .	334
The Influence of Protein Source Upon Nitrogen Retention by Sheep, G. P. Lofgreen, J. K. Loosli and L. A. Maynard . . . . .	343
Content and Digestibility of Morning and Evening Cuttings of Alfalfa, William H. Adolph, H. A. Macdonald, Hui-Lan Yeh and G. P. Lofgreen . . . . .	348
Impairment in Nutritive Value of Corn Grain Damaged by <i>Nigrospora Oryzae</i> , H. H. Mitchell, Jessie R. Beadles, Benjamin Koehler and George H. Dungan . . . . .	352
News and Notes . . . . .	359

---

Contents of previous issues of the JOURNAL OF ANIMAL SCIENCE are indexed in the Agricultural Index which is available in most libraries, and in the November issue of each complete volume of the JOURNAL.
