

## UNDERGRADUATE ACADEMIC AWARDS

In 2004, the following seniors, juniors, and sophomores at universities and colleges were recognized for outstanding achievement in the field of animal science and given the American Society of Animal Science Undergraduate Scholar Award.

The Executive Board and membership of the American Society of Animal Science extends a hearty congratulation to each student for her or his outstanding achievement. May these accomplishments be only a beginning of even greater accomplishments and service to animal agriculture and to humanity.
